TITLE: Water-soluble package with fluorescent dye in the film

Summary of Invention Paragraph (7):

[0005] Incorporation of F-dye into plastic bottles or water-insoluble films has been described. For instance, WO 01/49575 discloses transparent/translucent bottles containing fluorescent dye in sidewall. Hanada et al. (U.S. Pat. Nos. 5,904,974 and 5,922,808) disclose a water-proof PVA copolymer which may include a variety of optional ingredients including fluorescent whitening agent. Likewise, Kinoshita et al. (U.S. Pat. No. 5,824,394) describe a polyester film, used as an adhesive, which may contain F-dye.
